BlueCard[®] Program (out-of-area) Members

BlueCard[®] is a national program that enables members of any Blue Cross Blue Shield (BCBS) Plan to obtain health care services while traveling or living in another BCBS Plan service area. The main identifiers are the prefix and the “suitcase” logo on the member ID card.

The suitcase logo provides the following information about the member:

The PPOB suitcase indicates the member has access to the exchange PPO network, referred to as BlueCard PPO basic.

The PPO suitcase indicates the member is enrolled in a Blue Plan PPO or EPO product.

The empty suitcase indicates the member is enrolled in a Blue Plan traditional, HMO, POS or limited benefits product.

The HPN suitcase logo indicates the member is enrolled in a Blue High Performance NetworkSM (BlueHPN) product.

National Alliance Members

(South Carolina Partnership)

- National Alliance groups are administered through BCBSLA's partnership agreement with Blue Cross and Blue Shield of South Carolina (BCBSSC).
- BCBSLA taglines are present on the member ID cards; however, customer service, provider service and precertification are handled by BCBSSC.
- Claims are processed through the BlueCard program.

NUV

We publish a list of these groups (with prefixes) in iLinkBlue (www.bcbsla.com/ilinkblue) under the "Resources" section.

Referring Members Out-of-network

You can find network providers to refer members to in our online provider directories at www.bcbsla.com >Find a Doctor.

The impact on your patients when you refer Blue Cross members to out-of-network providers include:

- higher cost shares (deductibles, coinsurances, copayments)
- no benefits for some members
- balance billing to member for all amounts not paid by Blue Cross if the provider is non-participating

If a provider continues to refer patients to out-of-network providers, their entire fee schedule could be reduced.

Verifying Member Benefits in iLinkBlue

Use iLinkBlue (www.bcbsla.com/ilinkblue) to lookup a member's coverage information.

Choose the "Coverage" menu option. Enter the member ID number to view coverage information for:

- BCBSLA (including HMO Louisiana, Inc.) members
- FEP members. This section is not used for out-of-area members.

Tips

- BCBSLA – do not include the member's prefix.
- FEP – must include the letter "R".
- A different application is used for BlueCard (out-of-area) members.

If you do not have the member ID number, you can search using the subscriber's Social Security Number (SSN), when available. iLinkBlue will return search results with the member ID number. An error message will display if searching by a dependent's SSN. It must be the SSN of the policy holder.

Coverage Information

This screen identifies members covered on a policy, effective date and the status of the contract (active, pending, cancelled).

- The **View ID Card** button allows you to download a PDF of the member ID card.
- The **Summary** button allows you to view a benefit summary. It includes the member's cost share (deductible, copay and coinsurance) and remaining out-of-pocket amounts.
- The **Benefits** button allows you to view the coverage details of the member's benefits plan.
- The **View COB** button allows you to view coordination of benefits information.

DO I NEED AN AUTH?

Behavioral Health Auth Requirements

Do I need an authorization?

There are **two** resources that can be used to research authorization requirements.

1 iLinkBlue's Authorization's Guidelines application

The screenshot shows the iLinkBlue website interface. At the top, there is a search bar for 'Provider' with fields for 'Tax ID' and 'NPI', and a 'Submit' button. Below this is a navigation menu with options: Home, Coverage, Claims, Payments, Authorizations (selected), Quality & Treatment, and Resources. Under the 'Authorizations' menu, there are two main sections: 'Authorizations - BCBSLA Members' and 'Authorizations - Out of Area Members'. Under 'Authorizations - BCBSLA Members', there is a link for 'Authorization Guidelines - Do I need an authorization?' which is highlighted with a blue box. Other links in this section include 'BCBSLA Authorizations', 'Behavioral Health Authorizations', and 'Carelton Authorizations'. Under 'Authorizations - Out of Area Members', there is a link for 'Authorization Guidelines - Do I need an authorization?' and 'Out of Area (Pre Service Review - EPA)'. A link for 'Medical Policy Guidelines' is also visible.

The same application is used for **both** BCBSLA and BlueCard (out-of-area) members. Enter the member's prefix (the first three characters of the member ID number) to access general pre-authorization/pre-certification information.

2 Behavioral Health Speed Guide

This guide provides details about our behavioral health policies, including the list of services that require prior authorization. It is available at www.bcbsla.com/providers >Resources >Speed Guides.

The screenshot shows the 'Behavioral Health Speed Guide' document. At the top, there is the Louisiana logo and the text 'Blue Cross and Blue Shield of Louisiana HMO Louisiana'. The title 'Behavioral Health Speed Guide' is prominently displayed. Below the title, there is a brief introduction: 'Use this quick reference guide to help your office identify important information on authorizations, claims and member benefits for behavioral health services. For complete behavioral health billing guidelines, refer to our Professional Provider Office Manual found online at www.bcbsla.com/providers >Resources and our Member Provider Policy & Procedure Manual available on iLinkBlue (www.bcbsla.com/ilinkblue).' The document is divided into three main sections: 'Networks', 'Authorizations', and 'Claims'. The 'Networks' section explains that members must access network behavioral health providers based on the provider network associated with their member benefit plan. A table lists various benefit plan types and their corresponding networks. The 'Authorizations' section states that authorizations are required for all inpatient behavioral health services and provides a list of services that require authorization. The 'Claims' section explains that behavioral health claims are processed directly by Blue Cross. At the bottom, there is contact information for Blue Cross and Blue Shield of Louisiana.

Medical Necessity Appeals

First-level appeals

Send directly to Lucet:

Lucet Health
ATTN: Appeals Coordinator
P.O. Box 6729
Leawood, KS 66206
Fax: 1-816-237-2382

Decision to Overturn Denial

A letter is sent to member and provider letting them know denial was overturned and processing instructions are communicated to Blue Cross to pay claim.

Decision to Uphold Denial

A letter is sent to member and provider directing them on how and where to file a second-level appeal request.

Second-level appeals

Are handled one of two ways:

1. By BCBSLA
2. By the member's group
 - applies for some self-funded groups

Upon receipt of the second-level appeal, Blue Cross or the member's group will have an Independent Review Organization (IRO) review the case (this is a specialty-matched review).

If the IRO upholds the denial, a letter is sent to provider and member and appeals are exhausted.

If the IRO overturns the denial, claims are paid.

Medical Necessity Appeals

WebPass Retro Review & Appeal Submissions

Requesting retro reviews and appeals has become much easier.

Benefits of Proper Documentation

Allows identification of high-risk patients

Allows opportunities to engage patients in care management programs and care prevention initiatives

Reduces the administrative burden of medical record requests and adjusting claims for both the provider and Blue Cross

Reduces costs associated with submitting corrected claims

Provider's Role in Documenting

- Each page of the patient's medical records should include the following:
 - Patient's name
 - Date of birth or other unique identifier
 - Date of service, including the year
- Provider signature (must be legible and include credentials)
 - Example: John Doe, MD (acceptable)
 - Example: Dr. John Doe (not acceptable)
- Report ALL applicable diagnoses on claims and report at the highest level of specificity.
- Include all related diagnoses, including chronic conditions for member treatment.
- Medical records **must support ALL** diagnosis codes on claims.

Accuracy and specificity in medical record documentation and coding is critical in creating a complete clinical profile of each individual patient.

Medical Records Requests

From time to time, you may receive a medical record request from us, or one of our vendors, to perform medical record chart audits on our behalf.

- Per your Blue Cross network agreement, providers are not to charge a fee for providing medical records to Blue Cross or agencies acting on our behalf.
- If you use a copy center or a vendor to provide us with requested medical records, providers are to ensure we receive those records without a charge.
- You do not need to obtain a distinct and specific authorization from the member for these medical record releases or reviews.
- The patient's Blue Cross subscriber contract allows for the release of the information to Blue Cross or its designee.

Medical record requests must be returned within seven days of receipt of request.

Commercial Risk Score

- Code all conditions (acute/chronic) being treated to the highest level of specificity.
 - Monitored, Evaluated, Assessed or Treated should be noted
- Avoid non-specific and broad statements such as bipolar disorder.
- Use terms such as:
 - Type I or II
 - Current or in remission
 - Severity (mild, moderate, severe)
 - Presence of psychotic features

NOTE: Improper documentation could result in audits and/or the request of medical records.

Risk Adjustment Data Validation Audits

Required through the ACA, the framework for the risk adjustment data validation (RADV) audit process for the risk adjustment program was established.

Components of the RADV audits:

- Annual CMS mandate.
- Required audit for every insurer who sells a policy on the ACA marketplace.
 - Will be used to confirm risk reported.
 - To confirm providers' medical records substantiate the reported data and accurately reflect the care rendered and billed.
- The Accountable Care Law mandates medical records be provided.
- RADV audit requests for medical records begin in June.

RESOLVING CLAIM ISSUES

Have an Issue with a Claim?

Sometimes a provider may need find an issue with a claim. It is best to **first inquire about the claim**, then if necessary submit a formal request.

Blue Cross classifies formal requests into three different categories:

CLAIMS DISPUTES

Involves a denial that affects the provider's:

- Reimbursement, including bundling issues
- Timely filing
- Authorization penalties
- Refund disputes

MEDICAL APPEALS

Involves a denial or partial denial based on:

- Medical necessity, appropriateness, healthcare setting, level of care or effectiveness
- Determined to be experimental or investigational

ADMINISTRATIVE APPEALS & GRIEVANCES

- Claim issue due to the member's contract benefits, limitations, exclusions or cost share
- When there is a grievance

Inquiring About Claim Issues

Use the iLinkBlue Action Requests application!

It allows you to electronically communicate with Blue Cross when you have questions or concerns about a claim.

Common reasons to submit an Action Request

- Code editing inquiries
- Claim status (detailed denials)
- Claim denied for coordination of benefits
- Claim denied as duplicate
- Information needed from member (coordination of benefits, subrogation)
- Questioning non-covered charges
- No record of membership (effective and term date)
- Recoupment request
- Status of dispute

The **Action Requests** application does not allow you to upload documentation. For this reason, it is important to include full details when submitting the inquiry.

Submitting an Action Request

In iLinkBlue there is an **Action Request** button on each claim. It opens an electronic form that prepopulates with information on the specific claim. There are multiple places within iLinkBlue that include the action request buttons.

Filter: <input type="text"/>				
Copay	Coinsurance	Total Paid	Ineligible/ Rejected Amount	Action Request

on the **Claims Detail** screen

Submitting an Action Request

When submitting an Action Request:

- Include your contact information
- Be specific and detailed
- Allow 10-15 working days for a response to each request
- Check in Action Request Inquiry for a response
- Submit a second request if there was no resolution

The screenshot shows a web form titled "Submit Action Request" with a close button (X) in the top right corner. Below the title is a light blue underline. The main heading is "Submit Action Request". Below it is a sub-heading "Claim Details" with a light blue underline. The form contains the following fields and sections:

- Action:** A dropdown menu with "Select One" and a downward arrow.
- First Name:** A text input field with a placeholder "First".
- Last Name:** A text input field with a placeholder "Last".
- Phone Number:** A text input field with a placeholder "XXX-XXX-XXXX" and a separate "ext" input field.
- Notes:** A large text area with a placeholder "Type the details of your request. Max 400 characters." and a small icon in the bottom right corner.
- Submit Action Request:** A blue button at the bottom right.

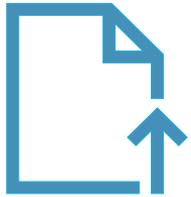

On the right side of the form, there is a "Claim Details" section with a light blue underline. It lists the following fields: "Contract Number", "Claim Number", "Date of Service", and "Date Processed". Each field has a corresponding input area, which is currently empty.

As a second step to **submitting an Action Request**, if you did not get a resolution, you may also contact the **Customer Care Center** using the number on the back of the patient's member ID card.

How Do I Correct or Void a Claim?

For professional claims submitted electronically through a clearinghouse:

Please follow the steps below to ensure your claims will not deny as duplicates or process incorrectly. You can ensure the accurate electronic (837I or 837P) submission by following the instructions below:

Claim Adjustment

- Enter the frequency code "7" in Loop 2300 Segment CLM05-03.
- Enter the 10-digit claim number of the original claim (assigned on the processed claim) in Loop 2300 in a REF segment and use F8 as the qualifier.
- Note: The adjusted claim should include all charges (not just the difference between the original claim and the adjustment).

Void the Claim

- Use frequency code "8" in Loop 2300 Segment CLM05-03.
- Use the 10-digit claim number of the original claim (assigned on the processed claim) in Loop 2300 in a REF segment and use F8 as the qualifier.

How Do I Correct or Void a Claim?

For professional claims submitted hardcopy or through iLinkBlue:

When a claim is refiled for any reason, all services should be reported on the claim.

Hardcopy Claim

Claims that were previously processed on a CMS-1500 can be changed:

- Adjust Claim – In Block 22, enter “7” for a claim adjustment (information or charges added to, taken away or changed).
- Void Claim – In Block 22, enter “8” to request that the entire claim be removed, and any payments or rejections be retracted from the member’s and provider’s records.
- In Block 22, enter the original claim reference number.

iLinkBlue Claim

If submitting a corrected professional claim through iLinkBlue:

- In Field 19A, enter the applicable Professional Claim Adjustment/Void Indicator: A (Adjustment Claim) or V (Void Claim).
- In Field 19B, enter the Internal Control Number (ICN Number that is the original claim number).

For more information find our Submitting a Corrected Claim Tidbit at www.bcbsla.com/providers >Resources >Tidbits.

Submitting Corrected Claims

Some providers need to submit corrected claims for services that have already been processed by Blue Cross. To avoid your claims being denied as a duplicate, use the guidelines outlined in this Tidbit.

General Guidelines:

- When a claim is refiled for any reason, all services should be reported on the claim. It is inappropriate to file a claim with only one procedure when more than one procedure was reported on the initial claim. Splitting the claim may cause your claim to be adjusted incorrectly.
- The claim form should reflect a clear indication as to what information has been changed.
- All necessary information on a single date of service should be filed on one claim even when submitting corrected claims with charges for a deleted or adjusted code or office visit.
- The original date of service number assigned on your Blue Cross and Blue Shield of Louisiana provider payment registration should be used and not altered by the claim.
- A corrected claim submitted to our iLinkBlue system should include an Appeal and Claim Dispute form. If you do not provide signed Request forms or request of service.

Should My Corrected Claim Be an Adjustment or Void?

Claims are adjustment or void if either one of the following conditions is met:

- **Adjustment (A):** means that a previously processed claim that changed information or charges should be taken away or changed.
- **Void (V):** means that the entire claim be removed and any payments or rejections be retracted from the member and provider records.

Note: Adjustments can be submitted electronically for all charges except those for the member ID or age for the member number. If voids are required, the provider can mail the processed claim and submit a new claim with correct member ID or age for member information.

Claims Dispute and Appeal request processes. For more information, please see our Disputing Claims tidbit, available at www.bcbsla.com/providers >Resources >Tidbits.

Blue Cross of Louisiana

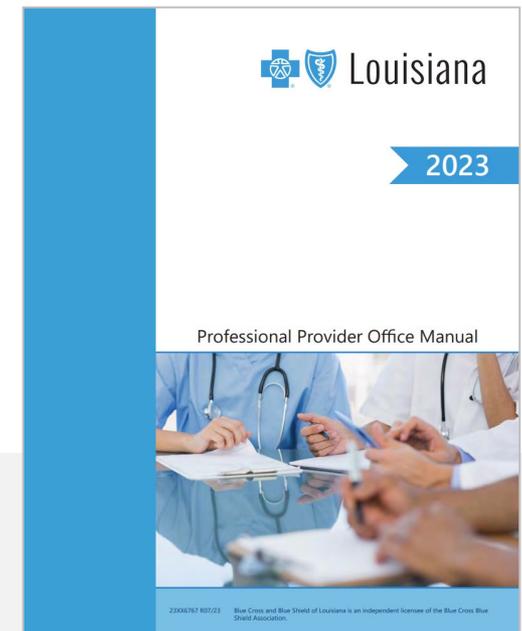

TELEHEALTH

Telehealth Policy

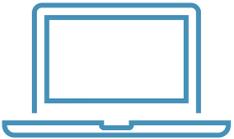

- Follow the telehealth billing guidelines in the provider manual.
- Fully document the telehealth encounter in the patient's medical record adhering to the criteria listed in the expanded telehealth guidelines.
- Coverage is subject to the terms, conditions and limitations of each individual member contract and policy.
- Blue Cross adheres to the rules and regulations outlined by the [Louisiana Board of Medical Examiners](#) regarding telehealth prohibitions.

For more information about our telemedicine requirements, billing and coding guidelines, see our *Professional Provider Office Manual* at www.bcbsla.com/providers >Resources >Manuals.

Appropriate Place of Service (POS)

We define DTC telehealth as telehealth services delivered directly between the provider and patient in their home environment (e.g., residence, workplace, personal space, etc.).

- Use **POS 10** for all direct to consumer (DTC) telehealth services.
- Bill non-DTC telehealth with the appropriate place of service based on the member's location when services are provided.
- For example, if the member is in the inpatient hospital setting when receiving telehealth services, bill POS 21.
- Do **not** bill POS 02 for telehealth services; Blue Cross does not consider POS 02 valid for claims submission. Claims billed with POS 02 may reject.
- Blue Cross will not reimburse telehealth services for HCPCS codes 0362T or 0373T due to their complexity requiring a face-to-face encounter.

Telemedicine

Reimbursement for telemedicine services is available when provided utilizing your own telemedicine platform.

Provider types performing telehealth services must ensure the delivery of telehealth is within their respective scope and guidance of their relevant licensing and/or certifying boards.

Encounters must be performed in real time using [audio-only](#) or [audiovisual](#) telecommunication systems.

Audio-only telehealth visits must meet the criteria outlined in Section 5.37 of our Professional Provider Office Manual.

The following are examples of services that are not eligible for reimbursement as telemedicine services:

- Non-direct patient services (e.g., coordination of care before/after patient interaction).
- Services rendered by text-only telephone communication, facsimile, email, mobile applications or any other non-secure electronic communication.
- In many cases, telehealth is not separately billable during the same episode of care that an in-person service is provided.
- Triage to assess the appropriate place of service and/or appropriate provider type.
- Services not eligible for separate reimbursement when rendered to patient in-person.
- Patient communications incidental to E&M, counseling or medical services covered by the member's policy.
- Presentation/origination site facility fee.
- Services/codes that are not specifically listed in the provider manual.

Telemedicine Codes

The following codes can be used for “Direct-to-consumer” telemedicine—when the telemedicine encounter occurs directly between provider and patient.

Codes listed below with an asterisk (*) may be billed as audiovisual telehealth services only. All other listed codes can be billed as audiovisual or audio-only telehealth services.

Provider Engagement Survey

THANK YOU to everyone who took our 2022 survey. Based on your feedback, we made changes including:

- Less Blue Cross emails to your inbox – we created the Provider Weekly Digest as a way to consolidated provider communications into one email digest that goes out every Thursday. It includes notifications, general announcements and provider training event information and registration options.
- iLinkBlue training webinars – we now offer iLinkBlue training webinars for new users.
- Improvement to our credentialing process – we have focused on improving our customer service and resolving provider issues timely.

We would ❤️ for you to complete our 2023 survey. **It ends on:**

Participants could win 1 of 26 gift cards with top prize of \$500.

If you have not received a survey link, send us an email to provider.communications@bcbsla.com and put "Provider Engagement Survey" in the subject line.

Thank you!

If you have additional questions after this webinar,
