

837 Dental Claims Standard Companion Guide

Refers to the Implementation Guides Based on
ASC X12N version: 005010X224A2

837 DENTAL CLAIMS STANDARD COMPANION GUIDE

This document is for clarification purposes only and is intended to assist in the submission of 837D transactions to Blue Cross and Blue Shield of Louisiana. It is not intended to include all claim filing guidelines or in any way to exceed the requirements or usage of data expressed in the TR3.

This guide has been developed by Louisiana Blue and should be used in conjunction with the ASC X12 Standards for Electronic Data Interchange Technical Report Type 3 (TR3) Health Care Claim: Dental version 005010X224A2.

To use this guide, first familiarize yourself with the table of contents, which will direct you to the information you need.

All times in this guide refer to Central Standard Time (CST).

This guide is available online at www.lablue.com/providers > Electronic Services > Companion Guides.

If you have questions about the information in this guide, you may send an email to EDIservices@lablue.com.

Please Note:

This guide contains general instructions. It is provided for informational purposes only. Every effort has been made to print accurate, current information. Errors or omissions, if any, are inadvertent.

Disclosure Statement:

Claim adjudication to which a member is entitled are limited to those set out in the member's benefit plan in effect at the time services are performed. The payment of a claim is subject to and conditioned on the terms of the member contract/certificate, including, without limitation, eligibility, waiting periods, exclusions, medical waivers or riders, deductibles, coinsurance, copayments, coordination of benefits, or other contract limitations, and/or determinations of medical necessity. Benefits for care received from non-network provider and/or for care not authorized by the member's Blue Plan, where required, may be subjected to the member's out-of-network benefits and/or contract stipulations.

Additionally, Louisiana Blue is committed to maintaining the integrity and security of healthcare data in accordance with applicable state and federal laws and regulations.

General Information

The Health Insurance Portability and Accountability Act of 1996 (HIPAA), requires that all health insurance payers (including but not limited to Louisiana Blue) and all covered entities adopt national standards for electronic healthcare transactions, code sets, unique health identifiers and security. The 837D transaction set has been named under 45 CFR 162 as the Electronic Data Interchange (EDI) standard for healthcare claim dental.

Scope

All clients exchanging dental claim transactions must use the X12 IG/TR3 5010 ASC X12N 837D (005010X224A2), Health Care Claim: Dental and the ASC X12 999, Implementation Acknowledgement for healthcare insurance. Both can be purchased from the Washington Publishing Company.

This companion guide is within the framework of the ASC X12 adopted for use under HIPAA and is not intended to contradict or exceed the X12 requirements.

This guide provides clarification on Louisiana Blue requirements of situational data elements and segments that must be used as well as those that do not apply to Louisiana Blue. Additionally, it contains detailed information regarding the set-up process, Louisiana Blue contact information, accepted communications, reports and more. Therefore, this document should be used by technical and business resources involved in the 837D process exchange.

Providers, clearinghouses, and/or third-party vendors, herein referred to as trading partners should use this companion guide to supplement the X12 guides for exchanging 837D transactions with Louisiana Blue.

All claim transactions must also conform to guidelines set forth in our Louisiana Blue provider manuals, including the *Dental Provider Office Manual** as well as comply with any provisions in your Louisiana Blue provider agreements.

*The manual is available online at www.lablue.com/providers >Resources.

Overview

The 837D inbound is the claim transaction sent from the trading partner to Louisiana Blue to request claim adjudication. We allow batch submissions of claim transactions.

Batch transactions are an accumulation of 837 claim transactions for many members. Once accumulated, the trading partner connects to Louisiana Blue and the "batch" is dropped off for processing.

On a normal business day, claim transmissions are moved at 3 p.m. for nightly processing. All batch transmissions received after this time will be processed the following business day. Additional details regarding normal business days and response times can be found in the "Connectivity with the Payer/Communications" section of this guide.

Louisiana Blue does not charge a fee to exchange transactions electronically. Claim transactions are subject to HIPAA validation. Validation occurs at the batch and claim level. All claim transactions are subjected to the Workgroup for Electronic Data Interchange (WEDI) Strategic National Implementation Process (SNIP) validation levels 1-4:

SNIP Level	Validation	Purpose of Validation
1	EDI Syntax Integrity	Ensures valid X12 syntax submitted
2	Syntactical Requirement	Validates X12 adheres to Implementation Guide (IG)
3	Balancing	Verifies field totals are correct and financial balancing
4	Situational	Tests inter segment situations (if A occurs then B is required)

In addition, Louisiana Blue business specific edits are applied. A complete listing of the error message descriptions can be found in the "Payer Specific Business Rules" section of this guide.

Claims that fail HIPAA validation or the Louisiana Blue business rules require correction and resubmission.

Reference

X12 Version 5010A1 Technical Requirements 3:

X12 transactions are developed and maintained by the Accredited Standards Committee X12, which is chartered by the American National Standards Institute. X12 guides are published and can be purchased from the Washington Publishing Company website at www.wpc-edi.com.

Getting Started

Working with Louisiana Blue

Trading partners exchanging 837 transactions with Louisiana Blue may do so 24 hours a day, seven days a week. The system will be periodically unavailable for scheduled maintenance and updates outside of normal business hours. Although Louisiana Blue strives to have the systems available 24 hours, seven days a week, uninterrupted service is not guaranteed.

Production transmissions are moved at 3 p.m. for nightly processing. All batch transmissions received after this time will be processed the following business day.

We provide both email and telephone support to our clients during our normal business hours, Monday through Friday, 8 a.m. to 4:30 p.m. Exceptions are made for holidays and emergency closures.

Trading Partner Registration

Trading partner registration is required in order to exchange transactions with Louisiana Blue.

The following table is designed to provide a high-level guide of enrollment and the activation process. For complete details on testing and moving into production processing, refer to the "Testing Overview" section of this guide.

Step	Activity
1	EDI Enrollment For initial enrollment, sign and return two (2) originals of the Electronic Trading Partner Agreement ("Agreement") and the EDI Transaction Addendum. These documents can be downloaded from the Louisiana Blue corporate website.
2	Test Submitter ID Assigned and Notification Upon receipt of the appropriate agreements, Louisiana Blue will issue a test submitter identification (ID) number and a secure password.
3	Testing Trading partner submits test transactions. Large locations maximum of 1,000 claims. Small locations, a minimum of 50. File should contain valid patient data; otherwise, the test may fail. Must contain claims representative of claims that will be submitted in production. The trading partner is responsible for reviewing test results, correcting identified errors and retesting.
4	Live/Production Once a successful test is completed, an EDI representative will issue a production submitter ID number and a secure password via email notification.

Electronic Trading Partner Agreement

In order to exchange electronic transactions with Louisiana Blue, we require the submission of our Electronic Trading Partner Agreement, which can be found along with the detailed enrollment instructions on our Provider Page at www.lablue.com/providers > Electronic Services > Clearinghouse Services.

Testing Overview

Louisiana Blue will require testing with trading partners before accepting production transmissions. Testing is prudent to ensure errors are identified prior to moving into production submissions. Failure to properly test can result in a negative impact on provider cash flow.

The trading partner will receive all report outputs that are available in production. For example, if a trading partner submits a test file, they will receive a TA1 and 999. Then, depending on the results; other reports may be provided. To explain, when the entire submission passes HIPAA validation, the Accepted/Not Accept Report will be generated. When individual claims or a batch (ST/SE) fails, the BCCLREDI report will also be returned. However, when the entire submission (ISA/IEA) fails, only the BCCLREDI report will be returned.

Retesting is required if you are upgrading your billing software or changing software vendors. Louisiana Blue reserves the right to revoke production status when trading partners' transactions repeatedly cause production errors.

Testing with the Payer

Adhere to this checklist to ensure a smooth transition in the electronic exchange of transactions with Louisiana Blue.

Testing checklist:

Validate Key Fields Prior to Test & Production Submissions	
✓	Verify usage indicator in the ISA15 is correct (Must be T for test and P for production)
✓	Use valid patient data and a rich variety of production claim types
✓	Validate the Blue member ID number and that the contract number fields include the member's 3-character prefix. Federal Employee Program member ID numbers do not have a 3-character prefix. These member ID numbers have the letter "R," followed by eight or nine numeric values
✓	Confirm the correct billing provider number, National Provider Identifier (NPI) and taxonomy (when subunits share an NPI) are accurate for the unit in which services were performed
✓	Verify the assignment of benefits indicator correctly identifies the appropriate direction of payment (provider or subscriber)

Testing Steps

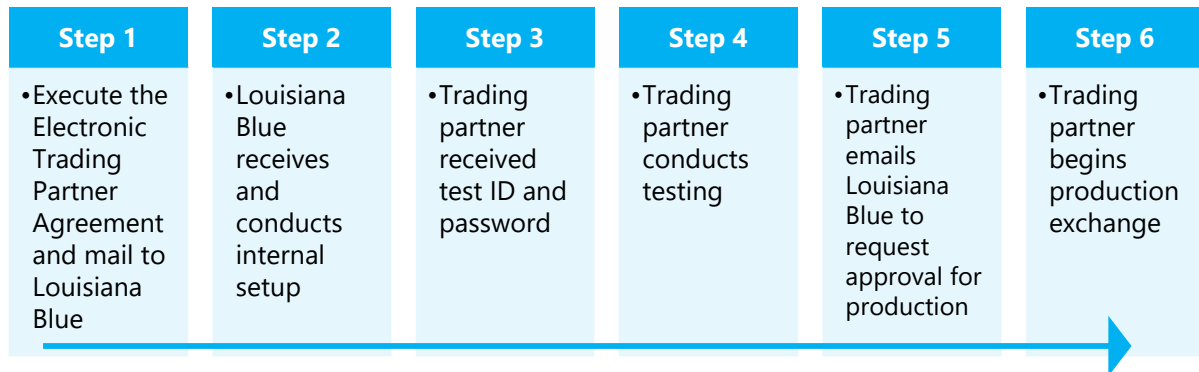

Below is a quick view of testing and how to request production activation.

Testing Requirements	
1	Trading partner submits completed the Electronic Trading Partner Agreement
2	Louisiana Blue assigns and distributes via secure email the trading partner ID and in a separate email, the secure password. The password email will not contain the trading partner ID due to security purposes.
3	Trading partner creates test file of claims containing: <ul style="list-style-type: none"> • Valid patient data • Rich variety of the claim types that will be submitted in production
4	Maximum of 1,000 claims per test. For smaller facilities, a minimum of 25/50 claims are required for test/approval
5	Trading partner transmits test file to Louisiana Blue clearinghouse
6	Test files automatically process at 8 a.m. and 10 a.m. Monday - Friday
7	Trading partner retrieves and reviews the following reports: <ul style="list-style-type: none"> • TA1 • 999 • BCCLREDI (if generated) • Accept/Not Accepted (if claims pass HIPAA validation)
8	Trading partner corrects and resubmits files if errors issued on BCCLREDI or Not Accepted Report
9	Continue testing (all claims) until 98% pass rate achieved
10	Trading partner emails EDIservices@lablue.com to advise: <ul style="list-style-type: none"> • Testing complete • Date of Accept/Not Accepted Report that indicated 98% pass rate • Request approval to be moved into production
11	Louisiana Blue issues production ID & password via secure email to the name and email address on the Electronic Trading Partner Agreement
Note: Test transactions are NOT processed for payment	

Connectivity with the Payer/Communications

Process Flows

To submit 837 transactions with Louisiana Blue, the trading partners need to comply with the requirements in our high-level enrollment process:

Transmission Administrative Procedures

Structure Requirements

For claim transactions we accept batch transactions. Batching is an accumulation of 837D transactions for many members/patients. Once accumulated, the trading partner connects to Louisiana Blue and the “batch of transactions” is dropped off for processing.

Response Times Production

Responses for transactions received Monday through Friday (non-holiday) by 3 p.m. should be available by 8 p.m. the same business day. Responses for transactions after 3 p.m. will be returned by 8 p.m. the following business day.

Test

Responses will be returned at 8 a.m. and 10 a.m.

Communication Management

Louisiana Blue uses a communication management software package called Ipswitch Messageway as the focal point for secure file transfers with business partners.

File Transfer Protocol (FTP)

The secure session options that Louisiana Blue has available to its clients are:

- FTPS – FTP with SSL (implicit encryption)
- FTPS – FTP with SSL (explicit encryption)
- SFTP – FTP over SSH

Just about any modern secure FTP client will work as long as it supports FTPS and SFTP. A list of common software packages that can be used to establish connection is listed below. Please be aware that Louisiana Blue does not advocate any of these products over the others available.

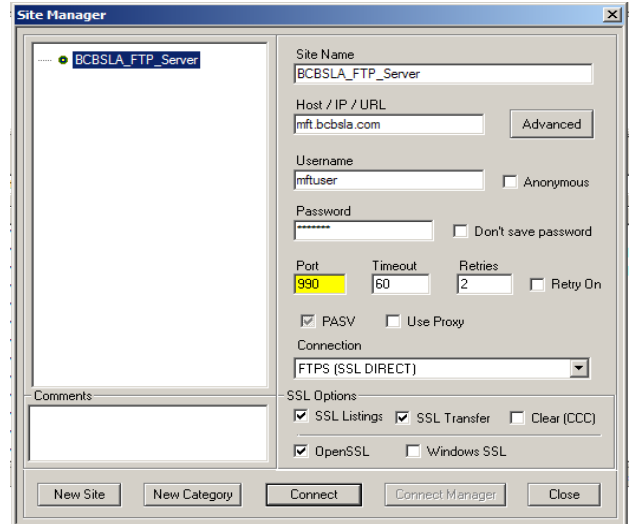

Common FTP Software
FileZilla
CuteFTP
CoreFTP
Glub Tech Secure FTP
WS_FTP Professional

If you are already using a dedicated FTP client, chances are it already has secure FTP capabilities built into it, so it is advised to explore that option prior to upgrading or changing to a different client program.

Configuring FTPS (Implicit port 990)

In the connection setup or properties of the connection to MFT.BCBSLA.COM (199.117.168.21), locate the option that allows you to choose the protocol type. Select the uses FTP with SSL (implicit encryption) on port 990.

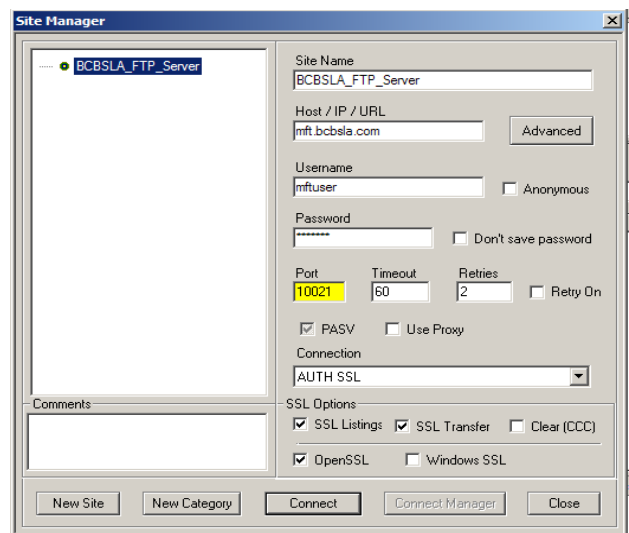

To help illustrate this procedure, to the right is a screen capture from the CoreFTP client on how this feature appears (configuration options may vary depending on which FTP client is being used).

Configuring FTPS (Explicit port 10021)

In the connection setup or properties of the connection to MFT.BCBSLA.COM (199.117.168.21), locate the option that allows you to choose the protocol type. Select the uses FTP with SSL (explicit encryption) on port 10021.

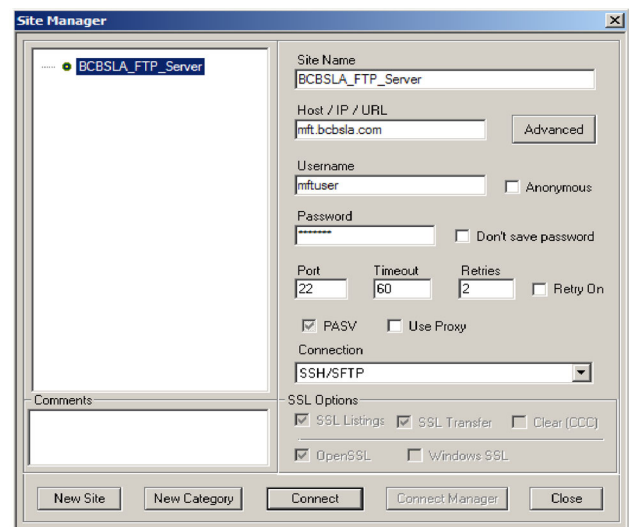

To help illustrate this procedure, to the right is a screen capture from the CoreFTP client on how this feature appears (configuration options may vary depending on which FTP client is being used).

Configuring SFTP

In the connection setup or properties of the connection to MFT.BCBSLA.COM (199.117.168.21), locate the option that allows you to choose the protocol type. Select the option that uses SFTP using SSH on port 22.

To help illustrate this procedure, to the right is a screen capture from the CoreFTP client on how this feature appears (configuration options may vary depending on which FTP client is being used).

FTP File Formats

Louisiana Blue accepts HIPAA ANSI X12N approved standard transaction formats. The table below lists accepted transaction formats and their transmission modes.

Transactions	Transaction ID	Mode
Institutional Claims	837I	Batch
Professional Claims	837P	Batch
Dental Claims	837D	Batch
Eligibility Request and Response	270/271	Real-time and Batch
Claim Status and Response	276/277	Real-time and Batch
HC Services Review and Response	278	Real-time and Batch
Electronic Remittance	835	Outbound-Batch

FTP Host Site

MFT.BCBSLA.COM (199.117.168.21)

Trading Partner Submitter ID and Passwords

HIPAA privacy and security rules set forth in Social Security Act § 1173(d) require authentication to ensure that unauthorized access to protected health information does not occur. Therefore, Louisiana Blue has instituted ID and password protections with trading partners engaging in EDI transactions.

Authentication requires a unique trading partner ID and a password. Once the Electronic Trading Partner Agreement has been authorized, the password is distributed by the Provider Identity Management (PIM) Team through a secure email.

Each trading partner is responsible for maintaining the security of the ID and password.

Control Segments/General Structure

- Each inbound transaction must contain at least one ISA/IEA interchange. Within the ISA to IEA, at least one GS/GE functional groups, and each GS/GE must contain one or more ST/SE transaction sets.
- Negative results are not processed
- Claim charges submitted in excess of \$99,999,999.99 are not allowed
- Maximum of 5,000 claims per batch
- Maximum of 50 lines per claim
- Louisiana Blue does not support file compression
- Louisiana Blue recommends that trading partners use the preferred transaction delimiters:

Preferred 837 Transaction Delimiters

Character	Name	Delimiter
*	Asterisk	Data element separator
:	Colon	Component element separator
~	Tilde	Segment terminator
^	Carat	Repetition separator

Enveloping Specifications

The following pages define the Louisiana Blue specific requirements regarding the header and trailer associated with the interchange control (ISA/IEA), function group (GS/GE) and transaction set (ST/SE).

Interchange Control/Envelopes ISA (header) and IEA (trailer)

Element	Description	Value	Comments
ISA01	Authorization info qualifier	00	Use 00
ISA02	Authorization info	1234567890	Must use 1234567890
ISA03	Security qualifier	00	Use 00
ISA04	Security information	1234567890	Must use 1234567890
ISA05	Interchange ID qualifier	ZZ	Must use ZZ
ISA06	Interchange sender ID		<ul style="list-style-type: none"> • Submitter ID number assigned by Louisiana Blue • Fixed length field: 15 positions must left justify • GS02 must contain same value
ISA07	Interchange ID qualifier	ZZ	Must use ZZ
ISA08	Interchange receiver ID	BCBSLA001	Must use BCBSLA001. Fixed length field: 15 positions must left justify Ex. BCBSLA001-----
ISA09	Interchange date	YYMMDD	Use YYMMDD format
ISA10	Interchange time	HHMM	Use HHMM format
ISA11	Repetition separator	^	Use ^ (carat)
ISA12	Version ID	00501	Must use 00501
ISA13	Interchange control #		Must be identical to value in IEA02
ISA14	Acknowledgement requested	0 or 1	TA1 will automatically be sent for files that cannot be processed or submitted for HIPAA validation
ISA15	Usage indicator	T or P	Must be T for test or P for production
ISA16	Component separator	:	Use: (colon)
IEA01	Number of Included functional groups		Count of functional groups (GS to GE) contained within the interchange
IEA02	Interchange control #		Assigned by the sender. (IEA02 must be identical to ISA13). Fixed length field must contain 9 positions.

Functional Group GS (header) and GE (trailer)

Element	Description	Value	Comments
GS01	Functional identifier code	HC	837 Dental = HC
GS02	Application sender ID		Must use submitter ID number assigned by Louisiana Blue. Must contain same value as ISA06
GS03	Application receiver ID	BCBSLA001	Must use BCBSLA001
GS04	Date	CCYYMMDD	Creation date in CCYYMMDD format
GS05	Time	HHMM	Creation time in HHMM format
GS06	Group control number	Same as GS02	Assigned by the sender (GS06 must be identical to GE02)
GS07	Agency code	X	Must be X Accredited Standards Committee
GS08	Version/release	005010X224A2	837D must be: 005010X224A2
GE01	Number of transaction sets		Total number of transaction sets (ST to SE) contained within the functional group
GE02	Group control number		Assigned by the sender (GE02 must be identical to GS06)

Transaction Set ST (header) and SE (trailer)

Element	Description	Value	Comments
ST02 & SE02	Transaction set control number		Assigned by the sender (ST02 must be identical to SE02). Field must contain 4 – 9 positions and cannot contain more than 3 leading zeros.
ST03	Implementation convention reference	005010X224A2	For 837 Dental must use: 005010X224A2

Payer Specific Business Rules

Louisiana Blue Contract Numbers

The member ID number is vital in submission of paper and electronic transactions. Obtaining a basic understanding of the various contract types should assist in avoiding unnecessary rejections for invalid contract number.

Contract/Claim Filing Guide

Louisiana Blue Contract Types

Type	Contract	How to Identify	Filing Guide	Member ID Examples:	Report Prefix
Louisiana Blue	Blue Cross and Blue Shield of Louisiana	Member ID card indicates Louisiana Blue as the healthcare plan	Always include the 3-character prefix that precedes the member ID. Patient name (first and last) <u>and</u> date of birth must match the Louisiana Blue system.	XUA200000000 XUP223456789 XUH123456789 BPS123456789	Yes
FEP	Federal Employee Program	Member ID begins with R, followed by eight or nine numeric digits	First position must be R, remaining 8 or 9 positions must be numeric	R123456780 R03456789	N/A
Out-of-Area	Out-of-Area/BlueCard®	3-character prefix Member ID card shows a BlueCard indicator	Always include the 3-character prefix that precedes the member ID. The prefix can be either all alpha or alpha numeric.	SW123456789012 MTM123456789 B2G234568598 or S3T58974589	Yes

Taxonomy Codes

Taxonomy codes are federally established 10-position alpha numeric codes that healthcare providers use to identify their unique specialty areas.

When a healthcare provider (professional or facility) has a single NPI that is shared for multiple specialties/locations, Louisiana Blue uses the NPI, Tax ID, DOS and ZIP code in order to achieve a one-to-one match to the appropriate Louisiana Blue assigned provider number. In the event a single match cannot be made, then the taxonomy code is required on claim submissions and is then used to select the appropriate number.

The following table provides a listing of the taxonomy codes currently set up for submission to Louisiana Blue. To expedite claims submission, it is recommended that if a taxonomy code is required for claim processing, the selection of a valid code be made from this listing. If a code will be used that is not listed, prior to submitting claims, please contact EDI Services to advise the taxonomy code you will be using and to determine if Louisiana Blue will set up that taxonomy code for claims processing.

Failure to work with EDI staff prior to using a taxonomy code not found on the table may result in rejected claims.

Acknowledgement and Reports

The Louisiana Blue clearinghouse provides a series of reports to assist in the tracking and monitoring of transactions. Clearinghouse reports are a critical part of the electronic submission/balancing process.

Trading partners must download their reports unless the FTP software is configured to pull them automatically.

Reports Generated After Claim Submission

File Name	Report Name	Purpose of Report
BCTA1.out	TA1 Interchange Acknowledgement	Immediate Acknowledgement of Communication
BC999.out	999 Functional Acknowledgement	Indicates the validity of the transaction
CLREDI.html	HIPAA validation	Created only if HIPAA validation errors have been detected
BCAccNotAccRep.out	Louisiana Blue Accepted/Not Accepted Reports	Disposition listing of claims after Louisiana Blue Business Rules applied
The trading partner is responsible for monitoring all reports to ensure all transactions sent were received and accepted. All rejections and failures require correction and resubmission.		

TA1 Interchange Acknowledgement

The TA1 communication report is an immediate acknowledgement of communication and receipt of transmitted files. It is the first step in the reconciliation process.

The TA1 provides the status of an X12 interchange header and trailer. Positive and negative TA1 acknowledgements will be available for X12 files. Negative TA1 reports are generated for files that cannot be processed or submitted for HIPAA validation. The trading partner is responsible for correcting and resubmitting files that produce a negative TA1 report.

Functional Acknowledgment Report: 999

The 999 report is available for all X12 transactions and indicates the validity of a standard transaction. Trading partners will be able to download this report the next time they connect to the Louisiana Blue clearinghouse. If the 999 contains a rejected status, in many cases the trading partner will receive our HIPAA validation report (BCCLREDI).

A rejected 999 requires the claim or file be corrected and resubmitted.

HIPAA Validation: BCCLREDI Error Report

All transactions are subjected to the Workgroup for Electronic Data Interchange (WEDI) Strategic National Implementation Process (SNIP) validation levels 1-4. Levels 5 and 6 are included in the Louisiana Blue business-specific edits (see table below).

Transmissions or claims that fail validation require correction and resubmission.

SNIP Level	Validation	Description of Validation	Report/File Name
1	Syntax Integrity	Valid X12 Syntax submitted	CLREDI
2	Syntactical Requirement	X12 adheres to TR3	CLREDI
3	Balancing	Field & financial balancing	CLREDI
4	Situational	Inter segment situations if A occurs then B is required	CLREDI
5	External Code Sets	TR3 medical code sets (included in Louisiana Blue business rules)	NOT ACCEPTED
6	Business Specific Testing	Payer (Louisiana Blue) business requirements	NOT ACCEPTED

This report is generated/returned only when HIPAA validation errors are detected at the transmission (ISA/IEA, entire file), functional group (GS/GE) transaction set (ST/SE) or individual claims (detail segments). If no errors detected, this report will not be generated.

Normal Severity	Resubmit Batch or Claim
ISA/IEA GS/GE ST/SE	Correct and resubmit the BATCH identified
CLM	Correct and resubmit CLAIM or CLAIMS identified
NM1*85 NM1*82	Correct and resubmit ALL CLAIMS associated with the provider number that failed

Transactions/Claims Failed HIPAA Validation

Only claims with "normal" listed in the "severity" column have been rejected. Informational and warning listed in the severity column are alerts and do not require resubmission.

Instructions: Finding Failed Transactions/Claims:

1. Conduct a search (CTRL F) in report for the word "normal."

Each occurrence will provide the exact error that caused the failure and the error message. The error message contents should provide the information needed to correct the claim/batch.

2. Continue the search throughout the entire report as all claims/batches with the normal indicator requires correction and resubmission.

Sample Report: Warning and Normal Severity Errors

Louisiana Blue Business Rule Validation

All claims submitted are validated against a comprehensive set of Louisiana Blue business rules. The Accepted/Not Accepted Report is provided to reflect all claims that passed HIPAA validation (failures are provided on the BCCLREDI report) and were subjected to our Louisiana Blue business rules. Claims that pass the Louisiana Blue business rules are listed on the Accepted Report and claims that fail the Louisiana Blue business rules, appear on the Not Accepted Report.

Note: The warning section of this report is not being used at this time.

- Claims listed on the Accepted Report have moved into the Louisiana Blue claims processing system and require no further action
- Claims listed on the Not Accepted Report contain errors and require correction and resubmission

For transactions received Monday through Friday (non-holiday) by 3 p.m., the Accepted/Not Accepted Report will normally be available by 8 p.m. the same business day. For transactions received after 3 p.m., the report will be available the following business day by 8 p.m.

Sample Accepted Report

No action is needed on the claims appearing on the Accepted Report.

Not Accepted Report

The Not Accepted Report identifies claims with critical errors, which were not accepted for processing. All claims that appear on the Not Accepted Report must be corrected and retransmitted for processing.

The error description field on the report provides a verbose message indicating the critical error detected. The error data field on the report, when populated, shows the information from the claim that requires correction.

The following pages contain the error descriptions listed in alphabetic order along with the edit logic. This should provide the details needed to correct and resubmit claims found on the Not Accepted Report.

Not Accepted Error Message Descriptions

Error Message	Description
9221,9242 Billed along, 9220,9241 Not On File	Anesthesia procedure codes for subsequent 15-minute increments cannot be submitted without the initial anesthesia procedure codes for the first 15 minutes with the same date of service.
BILL NPI NOT SETUP FAX TO 225_297-2750	Billing NPI not set up in Louisiana Blue System. Please use the instructions on Page 39 appendices section of this guide or fax to 225-297-2750.
BILL NPI TAXID COMBO NOT SETUP FAX INFO	Billing provider NPI and Tax ID on claim are not set up in the Louisiana Blue system.

REND NPI MATCHES MULTI PROVIDER FILES	Using information submitted we are unable to locate a single Louisiana Blue rendering provider ID number to apply to this claim. Please use the instructions on Page 39 appendices section of this guide or fax to 225-297-2750.
REND NPI TAXID COMBO NOT SETUP FAX INFO	Billing provider NPI and Tax ID on claim are not set up in the Louisiana Blue system.
SUBMIT CLAIM TO HEALTHY BLUE	This claim must be filed to Healthy Blue.
UCD MST PROC THEN FILE W BCBSLA	The claim must be filed with United Concordia Dental prior to filing with Louisiana Blue.

Transaction Specific: Loop and Data Element Specifications

Loop	Reference Description	Field Name	Required Value	Louisiana Blue Specification
	BHT03	Originator Application Transaction Identifier		Unique number used to identify transactions. It is suggested that the number used in BHT03 be incremented by one digit sequentially for every file sent including resubmissions. Louisiana Blue uses this identifier to detect duplicate file submissions. Files will reject as a duplicate if the number in the BHT03 has been previously submitted.
1000A	NM109	Submitter Identifier		Enter the submitter's 8-position numeric code assigned by Louisiana Blue which identifies your organization
1000B	NM109	Receiver ID	BCBSLA001	Assigned by Louisiana Blue
2010AA	NM108	NPI Qualifier	XX	Use XX qualifier to indicate National Provider Identifier (NPI) follows
2010AA	NM109	Billing Prov NPI	NPI#	Enter the National Provider Identifier (NPI) for the billing/pay provider
2010AA	REF01	Ref ID	EI	Use billing/pay provider's Tax ID
2010AA	REF02	Billing Provider Tax ID Number		Enter the billing/pay provider's 9-digit Tax ID
2000B	SBR09	Claim Filing Indicator	BL	Must be BL
2010BA	NM108	Mem ID Qualifier	MI	Use member ID number
2010BB	NM108	Payer Qualifier	PI	Use payer identification code
2010BB	NM109	Payer Identifier	53120	Enter 53120 to reflect the Louisiana Blue NAIC number
2010BB	REF01	Reference Identification Qualifier	G2	Use G2 qualifier to indicate the provider commercial/ Louisiana Blue number follows
2010BB	REF02	Billing Provider Secondary Identifier		When present, must be the 5- or 10-digit Louisiana Blue identification number assigned for the service being submitted

Loop	Reference Description	Field Name	Required Value	Louisiana Blue Specification
2300	CLM01	Patient Control Number		Patient Control Number – A maximum of 20 positions will be stored and returned by Louisiana Blue on the 835 ERA. A maximum of 15 positions will be returned on the paper payment register.
2310B	NM108	Identification Code Qualifier	XX	Use XX qualifier to indicate National Provider Identifier (NPI) follows

Appendices

Appendix I

Implementation Checklist

- Technical and business staff should review this guide
- Sign and return Electronic Trading Partner Agreement
- Establish connectivity
- Conduct testing
- Request move to production
- Exchange transactions

Appendix II

Business Scenarios

There are two primary methods for submitting transactions to Louisiana Blue.

Direct - Transactions will be sent from your location directly to Louisiana Blue via your medical practice software. In this arrangement an Electronic Trading Partner Agreement between Louisiana Blue and your location is required.

Indirectly - Transactions will be sent/picked up from your location by a third-party clearinghouse who will exchange with Louisiana Blue on your behalf. In this arrangement, the Electronic Trading Partner Agreement is executed between Louisiana Blue and the clearinghouse.

Frequently Asked Questions

Is there a charge from Louisiana Blue to submit electronic transactions?

No, Louisiana Blue does not charge a fee to exchange transactions electronically.

How do I notify Louisiana Blue of my NPI or Tax ID?

To do so, you may use one of the following ways:

1. Include it on your credentialing or recredentialing packet.
2. Include it on the online Provider Update Request Form at www.lablue.com/providers >Resources >Forms.
