

SECTION 5: BILLING AND REIMBURSEMENT GUIDELINES

of the Professional Provider Office Manual

5.27 NASAL ENDOSCOPY PROCEDURES

This is a subsection of Section 5: Billing and Reimbursement Guidelines of the *Professional Provider Office Manual*. If we make any procedural changes, in our ongoing efforts to improve our service to you, we will update the information in this subsection and notify our network providers. For complete *Professional Provider Office Manual* information, please refer to the other sections of this manual. Contact information for all manual sections is available in the Manual Reference Section.

For member eligibility, benefits or claims status information, we encourage you to use iLinkBlue (www.bcbsla.com/ilinkblue), our online self-service provider tool. Additional provider resources are available on our Provider page at www.bcbsla.com/providers.

This manual is provided for informational purposes only and is an extension of your Professional Provider Agreement. You should always directly verify member benefits prior to performing services. Every effort has been made to print accurate, current information. Errors or omissions, if any, are inadvertent. The Member Contract/Certificate contains information on benefits, limitations and exclusions, and managed care benefit requirements. It also may limit the number of days, visits or dollar amounts to be reimbursed.

As stated in your agreement: This manual is intended to set forth in detail Blue Cross policies. Blue Cross retains the right to add to, delete from and otherwise modify the *Professional Provider Office Manual* as needed. This manual and other information and materials provided by Blue Cross are proprietary and confidential and may constitute trade secrets of Blue Cross.

NASAL ENDOSCOPY PROCEDURES

For CPT codes 31295-31298, submit Modifier CG on the nasal endoscopy procedure code where the balloon is initially used for appropriate reimbursement for the balloon and related supplies. Modifier CG should not be submitted on multiple code lines.

For example, if a bilateral nasal endoscopy was performed of the maxillary and frontal sinuses, the codes and modifiers would be reported as follows:

Code	Modifier	Modifier
31295	50	CG
31296	50
